National
Reye's Syndrome
Foundation

Established 1974

A health advocacy organization dedicated to eradicating the incidence of Reye's Syndrome.

Products Containing Bismuth Subsalicylate

Bismuth Subsalicylate changes into salicylic acid in the stomach, and salicylic acid (aspirin) is a known trigger for a deadly disease known as Reye's Syndrome. We have had cases reported where products like Pepto-Bismol, and Kaopectate have triggered Reye's. **Don't treat this drug lightly. It can be deadly for children under the age of 19!**

Listed below are Over The Counter Product Brands that contain Bismuth Sub-salicylate. You can learn more about Reye's Syndrome and Salicylates at www.ReysSyndrome.Org, and on our blog at reyessyndrome.wordpress.com

BEING WELL STOMACH RELIEF ORIGINAL STRENGTH (bismuth subsalicylate) liquid
[Save-A-Lot Food Stores Ltd]

BIS-CO-SORB (bismuth subsalicylate, kaolin) suspension
[Nich Marketers, Inc]

BISMATROL (bismuth subsalicylate) liquid
[Atlantic Biologicals Corps]

BISMATROL (bismuth subsalicylate) liquid
[Major Pharmaceuticals]

BISMATROL (bismuth subsalicylate) liquid
[Major Pharmaceuticals]

BISMATROL (bismuth subsalicylate) tablet, chewable
[Major Pharmaceuticals]

BISMOL (bismuth subsalicylate) tablet
[SAMSUNG PHARM IND. CO., LTD.]

BISMUSAL (bismuth subsalicylate) suspension
[Aspen Veterinary Resources, Ltd.]

BISMUSAL (bismuth subsalicylate) suspension
[Durvet, Inc.]

BISMUSAL (bismuth subsalicylate) suspension
[Sparhawk Laboratories, Inc.]

BISMUTH (bismuth subsalicylate) liquid
[Rij Pharmaceutical Corporation]

BISMUTH (bismuth subsalicylate) suspension
[ASPEN VETERINARY]

BISMUTH (bismuth subsalicylate) suspension
[MWI/VetOne]

BISMUTH (bismuth subsalicylate) suspension
[VEDCO]

BISMUTH SUBSALICYLATE SUSPENSION (bismuth subsalicylate suspension) suspension
[American Animal Health, Inc.]

[Topco Associates LLC]

TOPCARE STOMACH RELIEF ORIGINAL STRENGTH (bismuth subsalicylate) tablet, chewable
[Topco Associates LLC]

UPSET STOMACH RELIEF TO GO (bismuth subsalicylate) powder
[Breakthrough Products Inc.]

Please learn about Kids, Aspirin Products, and Reye's Syndrome!

Reye's Syndrome, a deadly disease, strikes swiftly and can attack any child, teen, or adult without warning. All body organs are affected with the liver and brain suffering most seriously. While the cause and cure remain unknown, research has established a link between Reye's Syndrome and the use of aspirin and other salicylate containing medications, over the counter products, and topical use products.

Reye's Syndrome is a two-phase illness because it is almost always associated with a previous viral infection such as influenza (flu), cold, or chicken pox. Scientists do know that Reye's Syndrome is not contagious and the cause is unknown. Reye's Syndrome is often misdiagnosed as encephalitis, meningitis, diabetes, drug overdose, poisoning, Sudden Infant Death Syndrome, or psychiatric illness. Reye's Syndrome tends to appear with greatest frequency during January, February, and March when influenza is most common. Cases are reported in every month of the year. An epidemic of flu or chicken pox is commonly followed by an increase in the number of cases of Reye's Syndrome. When Reye's Syndrome develops, it typically occurs when a person is beginning to recover from a viral illness.

Abnormal accumulations of fat begin to develop in the liver and other organs of the body, along with a severe increase of pressure in the brain. Unless diagnosed and treated successfully, death is common, often within a few days, and even a few hours. A person's life depends upon early diagnosis. Statistics indicate an excellent chance of recovery when Reye's Syndrome is diagnosed

and treated in its earliest stages. The later the diagnosis and treatment, the more severely reduced are the chances for successful recovery and survival.
